DETAILED ACTION

Election/Restrictions

1. Newly submitted claims 1-4,20,23,27-29,31,32,34 and 37 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Examiner made restriction requirement on 6/15/2006 and Applicant elects Group I with transverse. The restrictions are related as subcombinations as usable together in a single combination. The inventions are independent or distinct and the inventions require a different field of search, restriction for examination purposes as indicated is proper. The amendment filed on 1/8/2007 amended all claims by adding non-elected invention to the elected invention. The amended claims filed on 1/8/2007 demonstrate that the subcombinations as usable together are a proper reason to make restriction.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-4,20,23,27-29,31,32,34 and 37 have been withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after

Art Unit: 3744

the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
